

**Comparison of Alternatives  
Distinguishing Characteristics**

ALT NO.  (June 1994 Designation)		VARY BY ALTERNATIVE							SENSITIVITY ANALYSIS FOR EACH ALTERNATIVE			SAME FOR EACH	
		WATER MANAGEMENT PACKAGES (Project water is 800,000 AF and other project obligations. Supplemental water is acquired from willing sellers)		DELTA PROVISIONS (Tracy, CCWD, DCC & Georgiana, and Old River)	WATER PRICING (ability-to-pay included in all alternatives; Alt 2 also evaluated without ability-to-pay)	REFUGE DROUGHT DELIVERIES	SPAWNING AND REARING HABITAT Sacramento, American, Stanislaus & others	\$ 50 MILLION FROM RESTORATION FUND plus other funding	WATER MEASUREMENT (Evaluate two locations for measurement with each alternative)	WATER TRANSFERS (Evaluate each alternative with two options)	RED BLUFF DIVERSION DAM (Evaluate each alternative with two options)		ALL OTHER SINGLE OPTION PROVISIONS
		Fish Flow Packages	Manage 800,000 AF										
1 (D-2)		No. 1	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Structures	80/10/10 Tiered (Act)	L2 shortages up to 25% (no L4)	\$33.3 million annually towards AFRP recommendations	\$33 million habitat \$17 million structures (no land retirement)	To all individuals To districts	No transfers Transfers	Gates open year round; and gates closed mid- May to mid-Sept		
	1a (A-1)	No. 1	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered full-cost plus	Full supply for L2 (no L4)	\$33.3 million annually towards AFRP recommendations	\$33 million habitat \$17 million structures (no land retirement)			Gates open year round; and gates closed mid- May to mid-Sept		
2 (E-3)		No. 2	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Structures	80/10/10 Tiered (Act)	L2 shortages up to 25%; L4 equal to source	\$2 million annually DFG Plan for Action	\$26 million F&W water \$2 million habitat \$5 million land retirement \$17 million structures	To all individuals To districts	No transfers Transfers	Gates open year round; and gates closed mid- May to mid-Sept		
	2a (E-3')	No. 2	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered (Act)	L2 shortages up to 25%; L4 equal to source	\$2 million annually DFG Plan for Action	\$26 million F&W water \$2 million habitat \$5 million land retirement \$17 million structures			Gates open year round; and gates closed mid- May to mid-Sept		
	2b (E-1')	No. 2	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Structures	80/10/10 Tiered full-cost plus	L2 shortages up to 25%; L4 equal to source	\$2 million annually DFG Plan for Action	\$26 million F&W water \$2 million habitat \$5 million land retirement \$17 million structures			Gates open year round; and gates closed mid- May to mid-Sept		
	2c (A-1')	No. 2	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered full-cost plus	Full supply for L2 & L4	\$2 million annually DFG Plan for Action	\$26 million F&W water \$2 million habitat \$5 million land retirement \$17 million structures			Gates open year round; and gates closed mid- May to mid-Sept		
3 (A-1')		No. 3	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered full-cost plus	Full supply for L2 & L4	AFRP recommendations	Required \$ for flow package No. 3 Required \$ for AFRP habitat & structures \$5 million land retirement	To all individuals To districts	No transfers Transfers	Gates open year round; and gates closed mid- May to mid-Sept		
4 (A-1')		No. 4	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered full-cost plus	Full supply for L2 & L4	AFRP recommendations	Required \$ for flow package No. 4 Required \$ for AFRP habitat & structures \$5 million land retirement	To all individuals To districts	No Transfers Transfers	Gates open year round; and gates closed mid- May to mid-Sept		
5 (A-1')		No. 5	Credit CVP Bay-Delta against 800,000 AF, remainder for F&W	Operations	80/10/10 Tiered full-cost plus	Full supply for L2 & L4	AFRP recommendations	Required \$ for flow package No. 5 Required \$ for AFRP habitat & structures \$5 million land retirement	To all individuals To districts	No transfers Transfers	Gates open year round; and gates closed mid- May to mid-Sept		

## Fish Flow Packages:

1. 800,000 AF (assumes no supplemental water)
2. 800,000 AF plus supplemental water limited by Restoration Fund
3. Limit on amount of supplemental water (represents an intermediate point between Packages 2 and 5)
4. Limit on amount of supplemental water (represents an intermediate point between Packages 3 and 5)
5. Full AFRP fish flows
